Jon- I am going in now to open an FPN for the Lard Oil Spill. The RP has accepted responsibility and hired a firm to oversee and conduct the cleanup. We will be providing oversight to make sure that is accomplished. Let me know if you have any questions.

I just wanted you to have an idea of the location if we contact you later. That is the Amite River you see in the picture. Also, the address is 914 Florida Ave, Southwest, Denham Springs, LA.
